GAC™ 2700-INTL

Grain Analysis Computer

Introducing the GAC™ 2700-INTL Moisture Analyzer OUR BEST JUST GOT BETTER

DICKEY-john®, a trusted partner in grain moisture detection for nearly a half of a century, is pleased to offer the GAC™ 2700-INTL, a multi-language grain moisture analyzer. Building on the success of the GAC 2500-INTL, the GAC 2700-INTL utilizes the most advanced technology to provide accurate, repeatable results in order to achieve optimum profitability for your operation. Grain moisture, temperature and test weight are provided for both stand-alone instrument or integrated system software solutions.

Features and Benefits:

- Utilizes 149 MHz technology, developed by the USDA
- Rapid Analysis Mode reduces the need to touch the instrument which saves time in your operational process
- Integrated system software solution capabilities
- Advanced instrument security protects the GAC 2700-INTL from tampering, adding layers of protection to commercial transactions
- Large 7" touch screen display for greater visibility and responsiveness
- Measurement results in less than 20 seconds
- Modern, intuitive operator interface simplifies training and daily operation
- Memory storage for up to 5,000 measurements
- Multiple USB ports on the front and back of the unit for software upgrades, USB devices, printer and peripherals
- Bar code scanner capability to expedite processing time
- Ergonomically designed drawer handle reduces operator fatigue

GAC™ 2700-INTL

Grain Analysis Computer

Calibrations:

With the rich experience in the industry, DICKEY-john® understands the need to tailor the requirements of your region and operation based on the specific application.

- Calibrations specifically developed for specialty crops such as coffee, soybean meal, and many more
- Best-in-class support backed by DICKEY-john's calibration laboratories
- Convenient, easy-to-download calibrations available on www.dickey-john.com
- Custom calibration development available for unique crop and region attributes

Specifications

Operating Temperature	2 to 45°C
Power	110/220V, 50/60 Hz, 30/35 VA
Humidity	20 to 90% non-condensing
Grain Temperature	-20° to +45°C depending on grain calibrations
Storage/transit Temperature	-20 to +60°C
Moisture Range	5 to 45% (grain dependent)
Approximate Weight	11.43 kg
Approximate Dimensions	43.18cm H x 48.26cm W x 35.56 cm D
Languages	English

Backed by the power of DICKEY-john:

When you buy a DICKEY-john GAC™ 2700-AGRI you get all the dependability and value you expect from DICKEY-john® products. Like all DICKEY-john products, the GAC 2700-AGRI is designed and manufactured in the USA, and supported worldwide.
